

7. Imagine if Wall Street had known that. They would have sent him for daily X-rays.
8. When most Americans go to the doctor, the first thing they are usually asked is not what's wrong with them but what kind of insurance they have.
9. Some gun manufacturers want to lift the bans against sales of some guns because bans have hurt their business.
10. Pat is not my biological father, but he's raised me since I was two years old.
11. So the governments are just reacting to the agenda set by business?
12. Many families now turn food waste into compost rather than throw it away as garbage.
